Dear Susy,

On behalf of the University of South Florida and the USF Foundation, we wanted to personally thank you for sponsoring the 18th Annual Latino Scholarship Awards Ceremony! Your generous contribution helped us to celebrate the 33 new and 92 continuing scholarship recipients.

Since 1992, the program has grown from the support of over 225 donors and welcomed 252 new graduates to the Bulls alumni family. We have awarded over \$1.5 million in scholarships and raised over \$2.4 million toward an endowment, totaling \$4.1 million which include matching funds from the State of Florida. It is *because of you* that we are able to change lives, provide education and foster such philanthropy in our community.

We look forward to a continued partnership and hope that you see our team as a resource for your outreach needs as well. We hope to see you soon and again, thank you!

Much appreciation,
